Warning Flags!

Stay Safe
Attention: Flag Warning System
There are dangerous currents at this beach,
and fatalities have occurred.

	Red = Stop. Stay on the beach and out of the water.
	Yellow = Caution. Watch for dangerous currents and high waves.
	Green = Go. But stay aware of changing conditions.

- A red flag means that there is a high risk of drowning.
- Swimmers: Stay away from piers and other structures.
- Even an Olympic swimmer couldn't win a race with a dangerous current.
- Absence of flags does not assure safe waters.

DEQ OGL 

**Always pay attention
to beach flags and know
their meaning!**

**Remember that some beaches use flags that are particular for
that beach or related to common activities there!**
